Pink Out

Forest Lake Academy's Pink Out game has been a long-running tradition for the Girls Volleyball teams. The purpose of the evening is to recognize and celebrate those who have battled cancer in some way or form. Normally, students, family, and friends all gather together to cheer on our girls in the gym.

Due to this year's Covid protocols, we had to limit those who were able to attend to only parents and siblings. Despite the lack of attendees, our girls played with a ton of energy and determination, and both our teams won against their rivals, ICS.

Wendy Schultz, Taylor Monday, Hailey Reams, Eden Nerness, and Nilka Santini-Torres take a senior picture after winning their senior night.

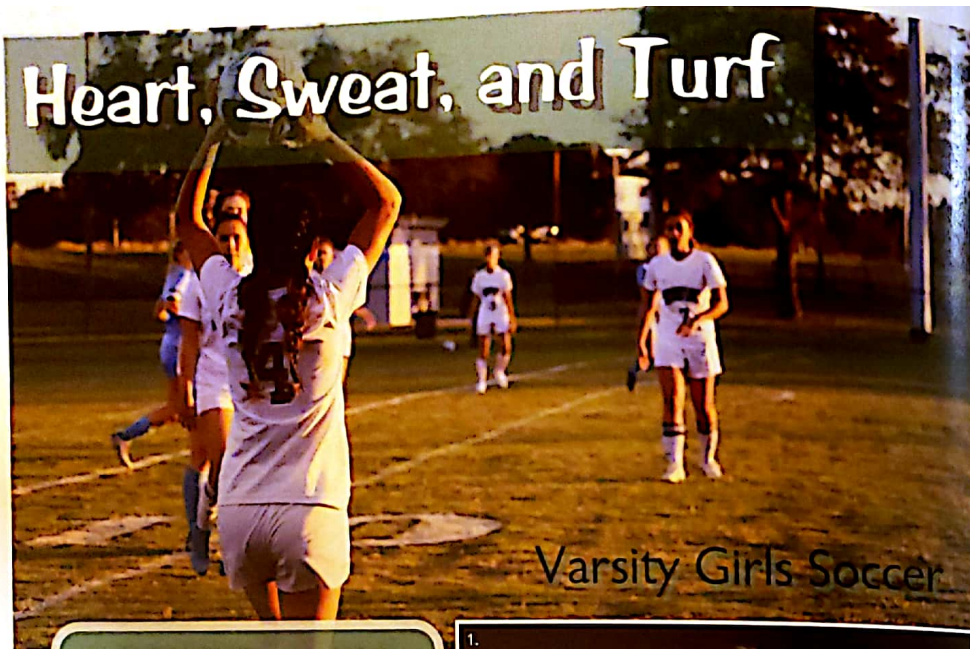

The team huddles in preparation for their game.

"This year was definitely a very unconventional year for our Varsity Volleyball girls. With the crowds now reduced to players' parents, the bleachers definitely seemed in desperate need of some Panther spirit. But just like most of us this year, the girls worked with what they got and pulled through with a winning season!"

## Varsity Girls Soccer

Soccer has been a blessing to me, not only in the game, but outside of it as well. Soccer, essentially, is what brought me to Forest Lake Academy. I have found friends, lessons, and an insurmountable amount of bruises. I have been a part of this team for five years now, and each year has been incredibly impactful. This year's impact was winning two games in the season. I still wouldn't trade it for anything because of my amazing team.

Live, laugh, love soccer  
-Leilani Nichols-Oviedo

1. The girls run begin their victory lap after winning their game.
2. Leilani Nichols-Oviedo gives her girls a pep talk before the second half of the game.
